

Board Direction

Ref: 02.VC0054

The submissions on this file and the Inspector's report were considered at a Board meeting held on 4th February 2014.

The Board decided, generally in accordance with the reasoning set out in the Inspector's recommendation, as follows:

- That the proposed development does constitute strategic infrastructure development,
- That an EIS is required to accompany the application, and
- That significant effects are likely on the environment in a trans-boundary state (Northern Ireland).
